

## Initial Notification and Notification of Compliance Status Report For Gasoline Dispensing Facilities

**Applicable Rule:** 40 CFR Part 63, Subpart CCCCCC — National Emission Standards for Hazardous Air Pollutants for Area Source Category: Gasoline-Dispensing Facilities and 40 CFR Part 63, Subpart A — National Emission Standards for Hazardous Air Pollutants for Source Categories, Subpart A — General Provisions.

**Note:** Initial notification and notification of compliance status report is due within 120 calendar days after the source becomes subject to the relevant standard. If you are a new or reconstructed major source, you may use the *Application for Approval of Construction and Reconstruction as your initial notification*.

If you transfer ownership or change any information that you previously reported for your facility you must notify us in writing within 15 days of the change. New owners are required to fill out this form and submit it to the New Mexico Air Quality Bureau.

If the source increases its monthly throughput and now exceeds 100,000 gallons/month, you must comply with the control requirements no later than 3 years after becoming subject to the requirements.

### SECTION I GENERAL INFORMATION

**Check the appropriate box(s):** ☐ Initial Notification and Notification of Compliance Status  
☐ New Ownership

Print or type the following information for each facility for which you are making notification:

Operating Permit Number (OPTIONAL)		Facility I.D. Number (OPTIONAL)	
Responsible Official's Name/Title			
Street Address			
City	State	ZIP Code	
Facility Name (if different from Responsible Official's Name)			
Facility Street Address (If different than Responsible Official's Street Address)			
Facility Local Contact Name	Title	Phone	
City	State	ZIP Code	

### SECTION II APPLICABILITY AND COMPLIANCE STATUS

Initial the box beside the correct answer to the following questions.

Yes		A1. Is your facility a "gasoline-dispensing facility"? Gasoline-dispensing facility means any stationary facility that dispenses gasoline directly into the fuel tank of a motor vehicle.
No		
Yes		A2. Does your facility receive and dispense any type of gasoline other than aviation gasoline?
No		
If you answer "No" to either of the above questions and can support your answer, then you are not subject to the control requirements listed on the next page; however, you must still complete Sections III and IV and mail as directed.		

Yes		<p>B1. Do you require that gasoline be handled in a manner that restricts vapor releases to the atmosphere for extended periods of time? Measures to be taken include, but are not limited to, the following:</p> <p>(1) Minimize gasoline spills.</p> <p>(2) Clean up spills as expeditiously as practicable.</p> <p>(3) Cover all open gasoline containers and all gasoline storage tank fill-pipes with a gasketed seal when not in use.</p> <p>(4) Minimize gasoline sent to open-waste collection systems that collect and transport gasoline to reclamation and recycling devices, such as oil/water separators.</p>
No		
Yes		<p>B2. If the monthly gasoline throughput of your facility is greater than or equal to 10,000 gallons per month, is submerged filling currently used for <u>all</u> gasoline storage tanks having a capacity of greater than or equal to 250 gallons?</p>
No		
Yes		<p>B3. If the monthly gasoline throughput of your facility is greater than or equal to 100,000 gallons per month, is vapor-balanced filling currently used for <u>all</u> gasoline storage tanks except:</p> <p>(1) Tanks constructed on or before January 10, 2008, with a capacity of less than 2,000 gallons;</p> <p>(2) Tanks constructed after January 10, 2008, with a capacity of less than 250 gallons;</p> <p>(3) Tanks equipped with floating roofs, or the equivalent.</p>
No		
<p><b>If you answer no to any of the above control questions, you are out of compliance with this regulation. All gasoline dispensing facilities must currently be in compliance.</b></p>		

### SECTION III SOURCE DESCRIPTION

Briefly describe the source.

Tank Number	Tank Capacity	Average Monthly Throughput (gallons/month)

### SECTION IV CERTIFICATION

Name of Responsible Official (Print or Type)	Title	Date (mm/dd/yyyy)
Signature of Responsible Official		

### Submit Initial Notification and Notification of Compliance Status Form as follows:

Note: Title V permit applications can be used in lieu of an initial notification provided the same information is contained in the permit application as required by this rule.

- New Mexico Air Quality Bureau, Compliance Reporting Section, 525 Camino de los Marquez, Suite 1, Santa Fe, NM 87505 **and**
- Keep a copy for your records.
